J.H. Williams Enterprises

approaches each project understanding that the project belongs to the client. Our job is to ensure that you realize your vision for your medical office.

Why Invest In Your Medical Office?

There is no doubt that we are operating in a buyer's market for commercial real estate. Commercial property costs and mortgage interest rates are at historic lows. Today's market presents a strong opportunity for you to invest in your medical office space.

Owning your medical office provides substantial business benefits, including building equity, tax deductions, ensuring client confidence and selecting an optimum location.

Investing in your medical office through JHWE enables you to gain these benefits while maximizing your investments and minimizing costs.

Why J.H. Williams?

JHWE provides a one-stop shop to guide you through every phase of your medical office project. We are able to assist you identify your property, secure financing, conduct the transaction, secure permits, construct or renovate your office, relocate your existing office and manage your property.

As a family owned and operated business, JHWE depends on client satisfaction to maintain its reputation. We have proudly completed over thirty medical projects with 100% client satisfaction.

We have a forty year track record of construction and real estate success that is grounded in efficient construction management and quality craftsmanship. Our skill set is particularly suited to the precision work and detailed organization required in medical construction.

J.H. WILLIAMS

Since 1970

Property Acquisition

JHWE's in-house real estate agent and attorney are prepared to identify and acquire the commercial property suited for your medical office.

Office Renovation

The JHWE team is equipped to guide your medical office construction or renovation from design to punchout. Our in-house carpenters and project managers work with favored subcontractors and design partners to manage every phase of your project.

Office Relocation

JHWE employs project managers highly experienced in complex office relocations. We are prepared to relocate your medical office without interruption to your practice.

Property Management

As a landlord, JHWE has first hand experience managing commercial property. We are prepared to manage your facility with the same care we apply to our own properties.
